1.65kVA Subaru Portable Silent Generator

Imported from Japan

This 1.65kVA Portable Generator will ensure trouble free holidaying, camping, caravanning, boating and 4WD driving.

It provides quiet operation at 54 decibels (so minimizing noise pollution, at rated output) and runs on 4 stroke petrol, so there is no mixing of fuel required.

It operates all the basics such as caravan fridges & freezers, lights, TV's, radios, fans, etc., with the added bonus of inverter technology which ensures constant stable power for computers and precision equipment.
